Postal Address: Private Bag X13 Gateway 4321, K.Z.N. South Africa

Dr Y T Singh was a Director of Gateway Private Hospital and was instrumental in obtaining the licence for gateway Private Hospital and establishing that hospital.

He is Director of Cardiac Mobile. Pty. Ltd. He has been instrumental in starting the Diabetic Cardio-metabolic unit at Netcare Umhlanga Hospital, Durban and instrumental in starting the first Cardio-oncology Unit in South Africa, and in fact, the continent of Africa. He is President of the Cardio-oncology Society of Southern Africa (COSOSA). This is the first Cardio-oncology Society in South Africa and in fact, Southern Africa. He has also been appointed to the Board of the International Cardio-oncology Society (ICOS).

Other than his active role in Clinical Cardiology and Interventional Cardiology, he has a deep interest in Diabetes and Cardio-metabolic diseases and works closely with the Endocrinologists, viz. Dr Sedeshan Govender and Dr Fraser Pirie at Netcare Umhlanga Hospital.

His deep interest in Cardio-oncology has resulted in his establishment of the first Cardio-oncology Society. The intention is to make sure that the Cardio-oncology group will expand to make sure that the cancer patient not only receives optimal cancer treatment, but to make sure that the cancer patient does not succumb from cardio-vascular complications as a result of chemotherapy and radiation.
