GCOS2025
GLOBAL CARDIO ONCOLOGY SUMMIT
31 OCTOBER – 1 NOVEMBER
CENTURY CITY CONFERENCE CENTRE | CAPE TOWN | SOUTH AFRICA

Call for Abstracts Information & Requirements

We invite abstract submissions for the 2025 Global Cardio-Oncology Summit (GCOS) on the prevention, management and treatment of cardiac complications related to oncology therapy.

All successful abstracts will be presented at the Summit 31 October – 1 November 2025. Cape Town, South Africa. Authors will be notified if their abstract has been selected for inclusion in our poster hall which will be available for viewing throughout the summit. Further instructions will be sent out to authors with successful abstracts prior to the meeting. Members of the GCOS academic committee will review and select the abstracts for inclusion in the summit.

Accepted poster presenters will be notified no later than 2 August 2025.

Abstract Presenters Responsibilities

Please submit a copy of abstract including title, authors, affiliated institutions, presenting author's contact information and abstract character count via the Abstract Submission Portal.

Abstract Presenter Responsibilities, Consent and Permissions

Presenters Responsibilities

1. The presenter will be the contact person for all correspondence about the abstract and will keep co-authors informed about its status.
2. The presenter's name and email address will be printed with the abstract in the Summit programme.
3. Presenter accepts responsibility on behalf of all co-authors for permission to reproduce presentation.
4. All accepted abstracts, other than those that are withdrawn prior to publication and any that may have been accepted as a special late exception, will be published in the Summit programme.
5. All reproductions must include proper acknowledgment of the Presenter as the author and clearly reference the presentation at the Global Cardio-Oncology Summit.
6. No part of the abstract may be extracted for reproduction or publication on its own, unless the Presenter has explicitly provided it as a summary, overview, or abstract.
7. Presenters must give consent and permission:
    - To process, use and publish Personal Information
    - For the Abstract to be reproduced on the Summit material, website and programme.

Abstract Submission Instructions

1. Abstracts must be in English.
2. There is no limit to the number of abstracts submitted.
3. There is no limit to the number of authors listed in an abstract.
4. The size limit for the abstract (including title, body, and tables) is 2000 characters. The character count does NOT include spaces, author names, or institutions.
5. Category Requirements
    5.1. Original research abstracts should include the following sections: background, methods, results, conclusion.
    5.2. Case reports/Clinical decision-making abstracts should include the following sections: background, case, discussion.
6. Abstracts must be submitted electronically via the Abstract Submission Portal in Word Format
7. Decision letters and presentation instructions are expected to be emailed to the Presenter (the contact person/first author listed) by 2 August 2025.
8. The Summit organisers do not provide support for abstract presenters, regardless of presentation outcome.
9. Abstract presenters must register to attend the Summit.

Young Investigator Award Recognition

All eligible presenters are invited to Participate in the Global Cardio-Oncology 2025 Summit—Young Investigator Award Recognition. The Global Cardio-Oncology 2025 Summit **Young Investigator Award** recognizes outstanding achievements by a young investigator at the early stage of their career in the field of cardio-oncology. Three candidates will be selected to give an oral presentation during the Summit.

Candidates must be prepared to attend the Summit and deliver a 10-minute presentation summarizing their work. Finalists will be determined by the GCOS Summit academic committee and notified via email. The winner will be announced live at the end of the Summit on 1 November 2025 and all finalists must present to be eligible for the Award.

Award Eligibility Criteria and Requirements.

Eligible Candidates:

1. Must be the presenter of the submitted abstract.
2. Must be currently enrolled in a graduate programme (i.e., MSc, PhD, MD) or junior faculty (within first 5 years), within a university, hospital or affiliated research institute at the time of application.
3. Submit nomination material via online portal as listed below:
   3.1. One nomination letter (signed by a senior investigator)
   3.2. One letter of recommendation
   3.3. Current CV plus a complete list of all publications
4. Accept consent and permissions.

Young Investigators Award Recognition Application Process

Upload required documents and copy of abstract and nomination material via the Abstract Submission Portal

APPLICATION DEADLINE – 14 July 2025
